

Flying Spot Scanner

DO YOU KNOW THE FLYING SPOT SCANNER?

**Smart combination of interferometric
measurement technology and
high-speed scanning system**

FLYING SPOT SCANNER

FLYING SPOT WIZARD SOFTWARE

CREATE YOUR OWN MEASUREMENT PROGRAM

...by using different geometries:

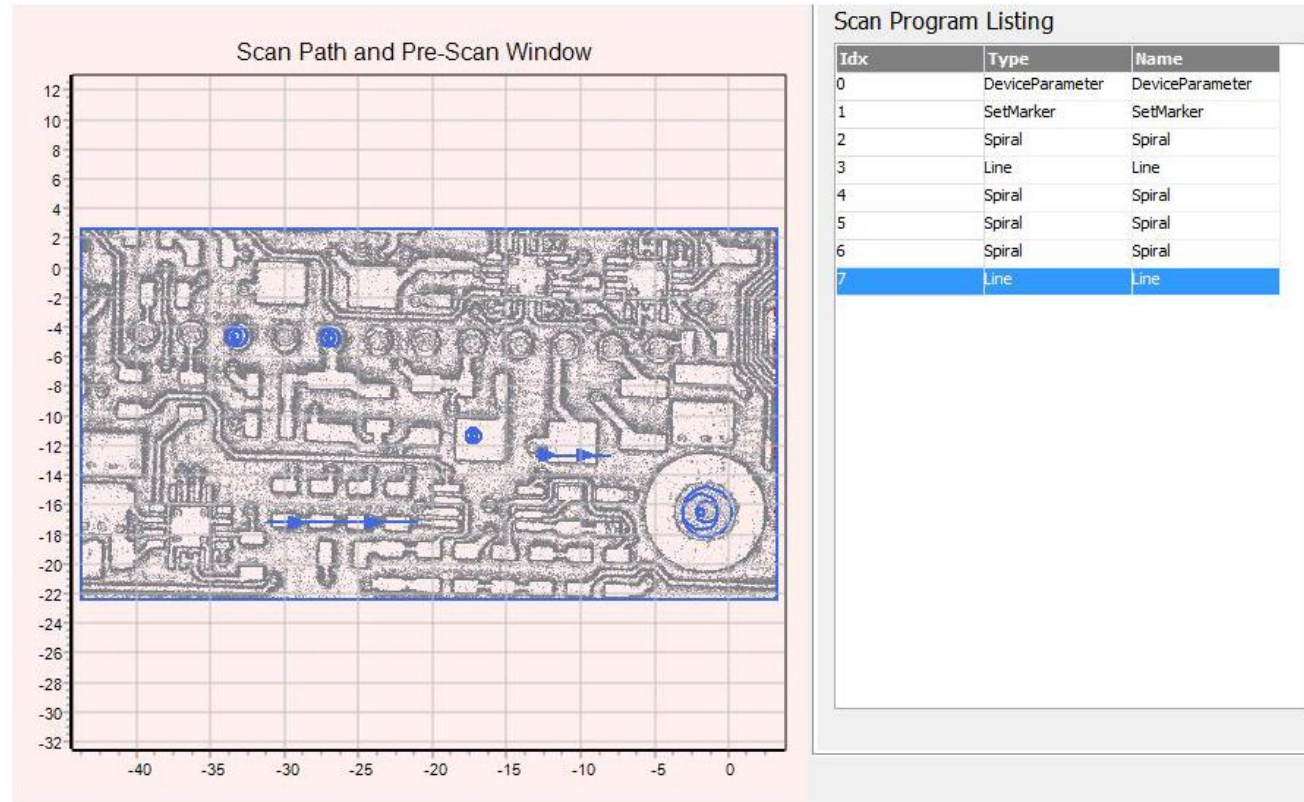

Scan Program Listing

Idx	Type	Name
0	DeviceParameter	DeviceParameter
1	SetMarker	SetMarker
2		
3		
4		

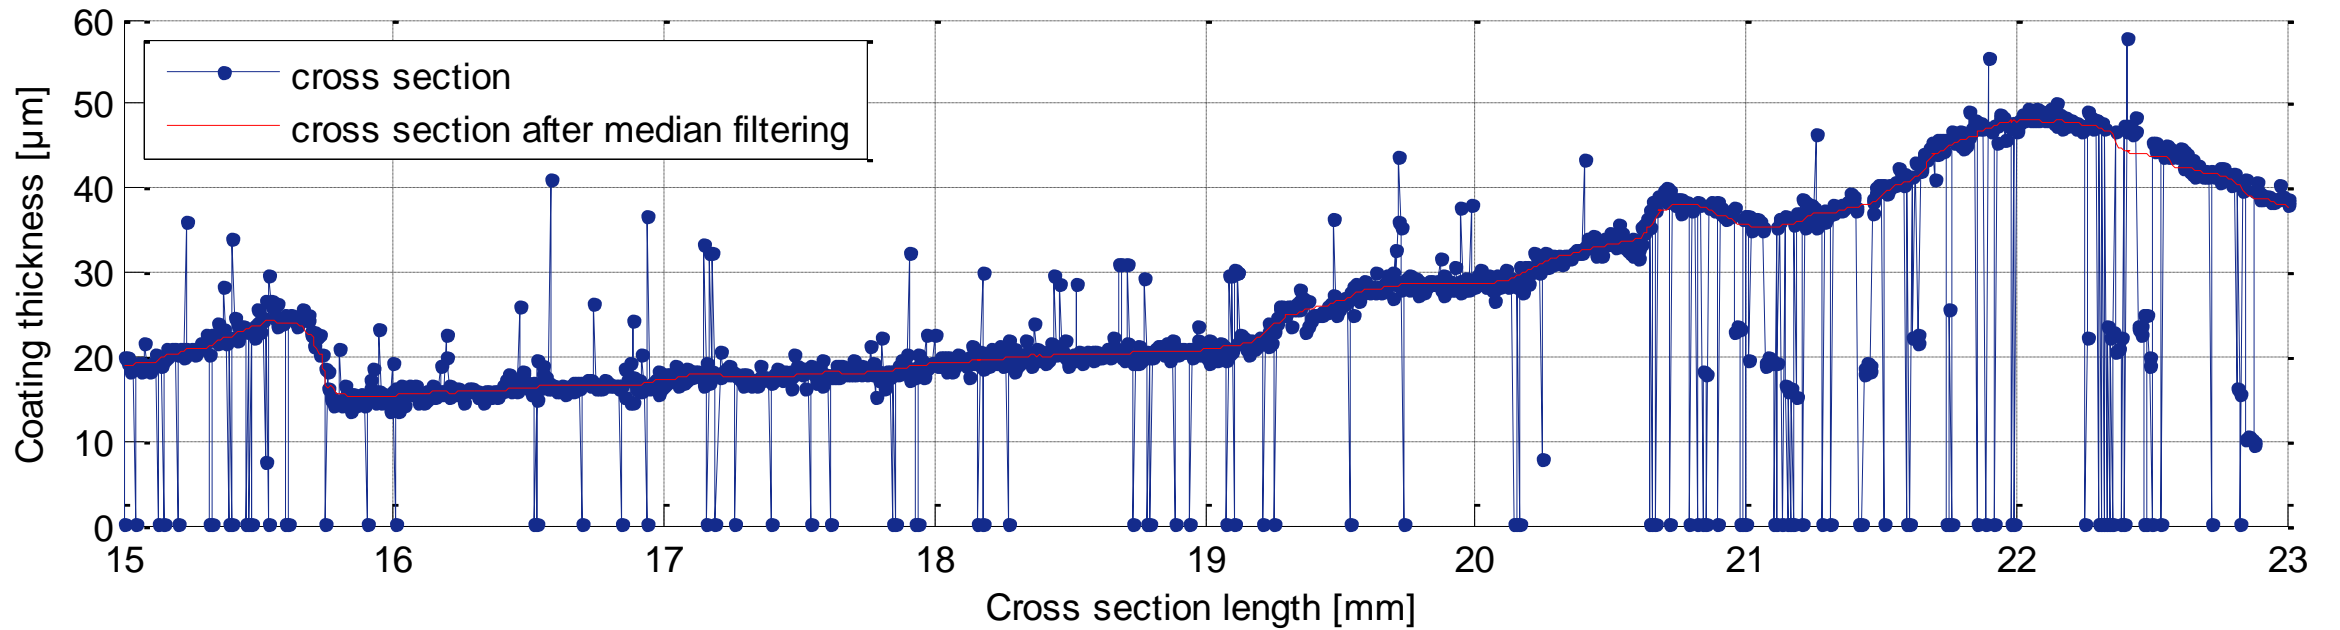

FLYING SPOT WIZARD SOFTWARE

ANALYZE THE PRE-SCAN AND MODIFY YOUR SCAN PROGRAM

MEASUREMENT RESULTS

ADVANTAGES

**High-speed area inspection for offline and
inline quality control**

ADVANTAGES

**Simple ROI inspection with definable
scan shapes and filters**

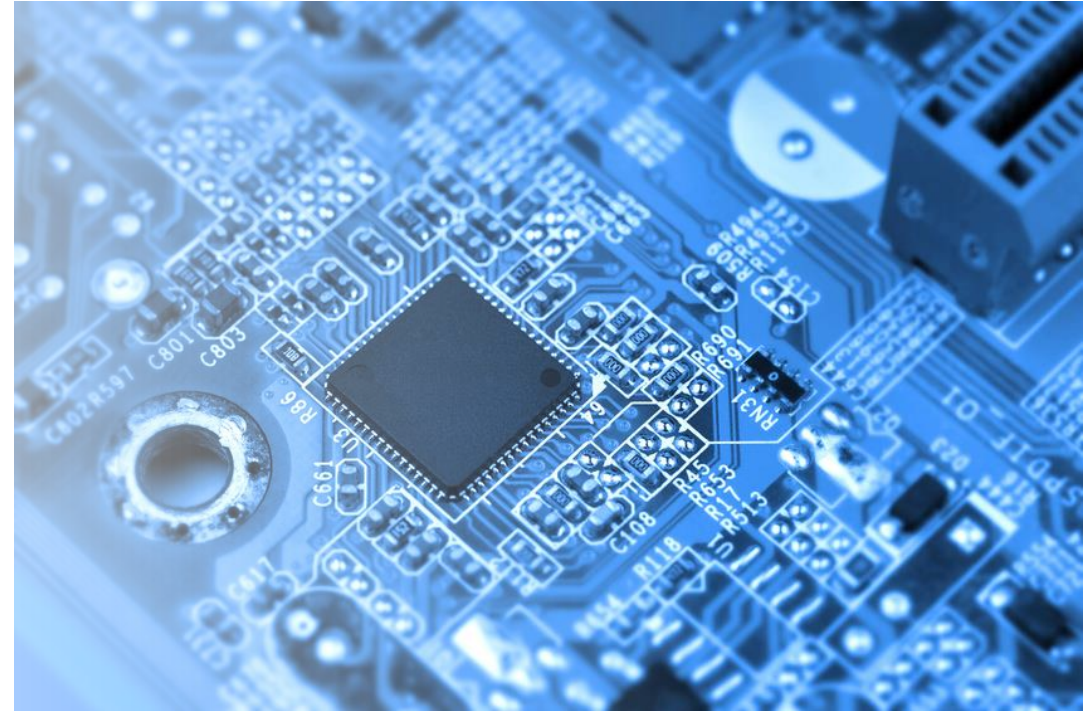

ADVANTAGES

**Telecentric imaging for good results even
on reflective surfaces**

APPLICATIONS

CONSUMER ELECTRONICS

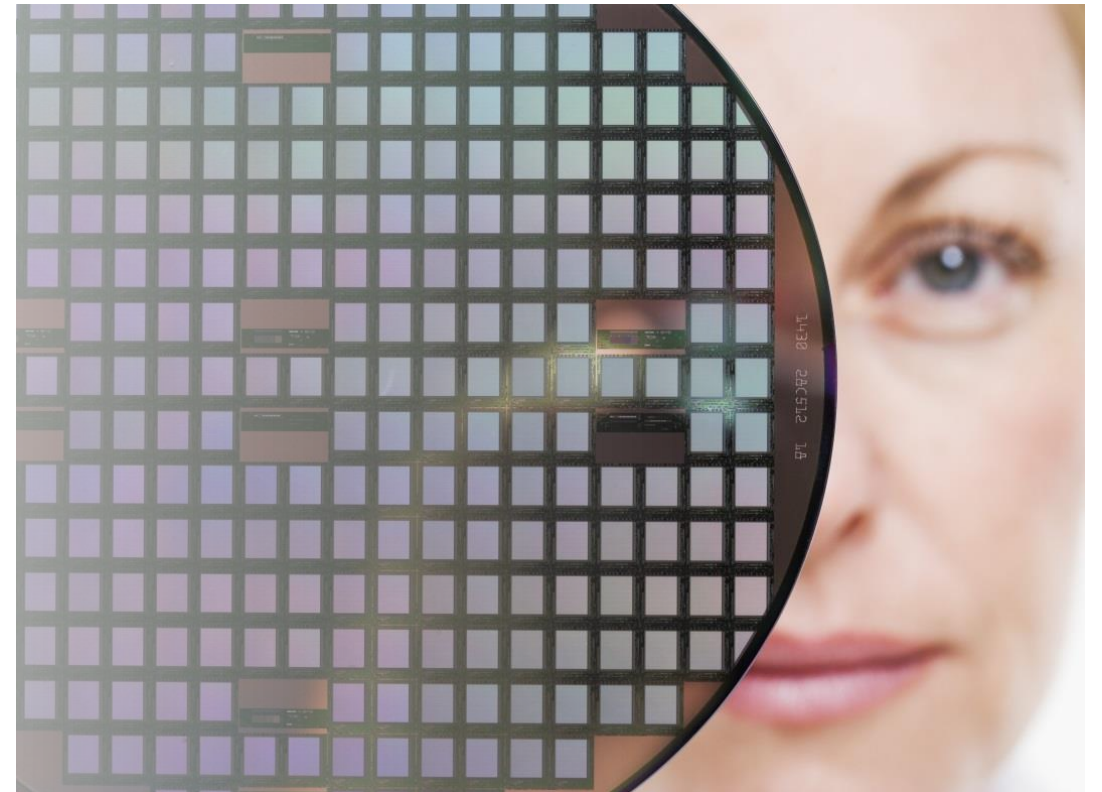

- Thickness measurement of conformal coating
- Topography

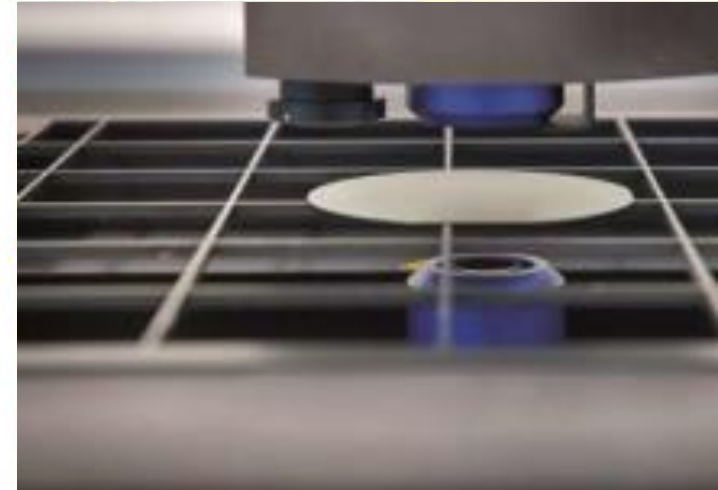

APPLICATIONS

SEMICONDUCTOR

- High-speed BGA inspection
- High-speed circuit connection
- High-speed wafer thickness measurement
- High-speed warpage measurement
- ...
